Events: Going forward all events should have a rain date and each event committee should be seeking out volunteers for their event. Suggested that maybe door to door on local businesses to help pitch in with set up or clean up as well. On membership applications discussed that all members should be volunteering. This will benefit all members as well through exposure to the public.

Car & Bike Show, was held in June, profit of approximately \$1350. Norm felt the radio ads did have some effect on event as new registrations were received from the ads. Road barriers need to be stated for all future events as there were not enough dropped off. Suggested using the form to fill out for each event and given back to Nate, this way it is all documented.
